Slide #3

Background

- Home and Community- Based Community Setting Rule
 - CMS issued this final rule on January 16, 2014
 - It became effective on March 17, 2014
 - The rule lists many items providers must comply with to receive Medicaid payment under federal home and community based services waivers
 - Requirements must be met by March 2019

Community Pathways Update - Highlights

SECTION #1

- **Tiered Standards** *(New) (page 27)*
 - Establishment of stakeholder group to help with the development of DDA tiered standards
 - States may establish that certain settings currently in use may continue within the waiver, as long as they will be able to meet the minimum standard set in the rule by March 2019
 - States may also establish or promote new models of service with higher standards

Community Pathways Update - Highlights

SECTION #1

➤ Heightened Scrutiny (New)

- If a state identifies settings that are presumed to have the qualities of an institution such as characteristics that isolate people, the state is obligated to identify them in the Statewide Transition Plan
- The settings regulations require that, in order to overcome the presumption that a setting has the qualities of an institution, CMS must determine that the setting:
 - ✓ Does not have the qualities of an institution and
 - ✓ Does have the qualities of a home and community-based setting

Slide #16

Community Pathways Highlights

SECTION #1

- **Heightened Scrutiny** *(New) (page 28)*
 - Maryland will identify settings that may appear to have qualities of an institution or appear to be isolating individuals from the community
 - DDA's heighten scrutiny reviews include:
 - ✓ Person Centered Plans
 - ✓ Provider Self-Assessments
 - ✓ On Site Assessments
 - ✓ Provider Transition Plan

Slide #17

Community Pathways Highlights

SECTION #1

- **Heightened Scrutiny** *(New) (page 28)*
 - Assuming the provider wants to and is able to comply with the HCBS rule before March 2019, Maryland will require heighten scrutiny for the following settings, but not limited to:
 - ✓ Sheltered workshops
 - ✓ Farmsteads
 - ✓ Licensed residential sites in close proximity (e.g. next door or multiple homes on a cul-de-sac)
